### **Centennial welcomes new Programme & Operations Coordinator**

Centennial Bermuda Foundation welcomes Terré Smith to the newly created role of Programme & Operations Coordinator, bringing their staff to a team of three.

Terré will support the day-to-day operations of Centennial and its Grant Review Committees, Board of Directors, and Board Sub-Committees. As part of the operational role, Terré will be responsible for data management of Centennial's Grants Management System. Terré holds a Bachelor of Science, Business Information Systems and Business Management from the University of East London, U.K.

Centennial Managing Director Allison Towlson said, " In addition, to Terré's operational role, Terré will coordinate all facets of Centennial's Scholarship Programme, working closely with the Scholarship Committee to deliver their strategic initiatives and objectives. She will become the point person for parents, students, teachers, and counsellors, ensuring that the community has a clear understanding of our scholarships and access to our scholarship programme. In the role, she will also oversee grant administration, data reporting and more. Terré will be an instrumental part of our team and we are excited to welcome her."

Terré's contact details will be posted to Centennial's website.

The independent philanthropic foundation added to its staff team so it can bring more work in-house and become less reliant on third party contractor support.
